To Whom It May Concern:

Brico Transportation Ltd., has been using Kleanoil Filtration Systems for the past 10 years. Originally 3 trucks, and as the fleet grew we currently run 45 trucks on the system. We extend the oil drain periods to 80,000 kms changing the Keanoil Cartridge every 20,000 kms.

We will continue to install systems in our new trucks as they arrive.

Regards,

Brian C. Roberts
